Attention Community Members:

The sale of the property located at 2754 & 2758 Buckhorn Rd, RR#1 Lakefield, Township of Selwyn (former Kidd Property) has now closed and the property is now owned by Curve Lake First Nation.

Our first priority for the property is to ensure the dwellings are secured and are being monitored by staff and the Anishinabek Police Services on a regular basis. Maintenance and inspection assessments are being done on the property and the barn will be given a thorough cleaning in the very near future.

We have received numerous requests to lease the farm land and it is an option that we are taking into consideration. For insurance purposes the First Nation will also be reviewing the options of renting out the two houses. We appreciate the community's interest and input thus far.

As with all of the First Nation owned properties, when accessing the land, **please** do so with caution and safety. Please keep in mind that there will be individuals at the farm at various times.

Please let us know if you have any questions or concerns.

Miigwech,

Chief and Council
