

November 20th, 2012

Dear Members,

The Curve Lake First Nation (CLFN) Community Task Force was developed to formulate a comprehensive approach aimed toward improving the health, well-being and general safety of all members of the Community by delivering preventative and response based initiatives.

The Task Force is comprised of representatives of Council, the Health Team, Education, regional and local Police Services, and Community Members.

Please note that during the payout period from November 22nd – 24th the Task Force would like to inform Members that there will be 24 hour police presence within our Community. This includes Scene Security at the Community Centre, Traffic Control on our roadways, and General Law Enforcement. These precautions are being taken to ensure the safe distribution of funds to our Members.

The Task Force would like remind our members of their role and responsibility in making our community a healthier and safer place to live. Without a doubt, we need a full and committed effort by each and every member toward improving the state of our community.

Together, with a concerted and full effort we can make our community a healthier and safer place to live. As a Community, we owe this to our children.

If you have any questions or concerns please contact Keith Knott (Head Councillor) at 705-657-8045 or the Anishinabek Police Service at 705-657-8892.

Be safe, live the good way and make a difference through your actions.

Miigwetch!

CLFN Community Task Force
